Logivations eLearning - Registration & Content W2MO Logistics Design & Optimization

Logivations e-Learning package

- 2 individual online workshops
- 1 month access to all video trainings & scripts
- 1 month W2MO subscription (worth 890 €)

1.199 € first user, 699 € additional users (same company & period)

Logivations GmbH

www.logivations.com

eLearning "W2MO Logistics Design & Optimization"
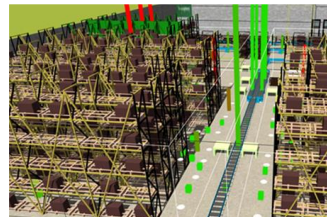

1. First steps & used terms: LIVE session & recording

- Basics and Login
- 3D visualization
- Terms: Station, Rack, Bin, General Bin, Bin Status (Available, Closed, etc), Transport Process and Stage, Process Nets (Path, Points)

2. Video training with tasks

Creation of a new layout model (picking and outbound areas)

- Part 1 „Overview": drawing area, menu, DBE, warehouse structure, splitting the site into areas / stations, user tips
- Part 2 „Stations": Rack positioning, rack properties, stacked racks, smart clone, placement of racks according to the site plan
- Part 3 „Bin creation": Setting up patterns for bin naming, product, and bin types compatibility, creating bin labels, classification
- Part 4 „Modeling of processes": Defining stages, process nets & components, transporters, and capacities, process nets, process times calculation, MTM, checking layout consistency, 2D and 3D view, final layout consistency check

3. Advanced task with script and video

Extension of the warehouse model processes (replenishment and inbound)

- Creating new area(s)
- Creating transport processes and new transporters
- Placing of racks, identifying stages
- Building of process nets
- Generating bins with correct labels
- Classifying bins with the new type
- Recalculating process times for new bins

4. Company individual web workshop

Individual focus topics can be selected, e.g.:

- Moving or resizing objects on the canvas
- Editing of process nets & combining of parts
- Defining / changing stages
- Defining bin formatting patterns, using placeholders
- Classifying or recalculating times for a certain rack
- Classifying bins with the necessary bin types

# eLearning "W2MO Logistics Design & Optimization"

Content Week 2

1. First steps & used terms: LIVE session & recording

- Terms: Sales Orders and Orderlines, Internal Orders and Orderlines, Stages, Assignment, Labor Costs

2. Video trainings with tasks

- Summary / review week one
- Part 1 "Master data import": Import products, orders, and orderlines, create campaigns, upload .csv files, data tables, classification of products
- Part 2 "Product assignment": Adjusting compatibility, random and good product placement strategies, assigning products, checking the results
- Part 3 "Order processing in the DC": order processing strategies, generating internal orders, calculating labor efforts, checking data consistency
- Part 4 „Optimization scenario": transporter capacities, optimized product placement, 3D simulation, tracking internal orders

## 3. Advanced task with script and video

Extend the warehouse model processes (replenishment and inbound)

- Update and import of data (via DBE)
- Product assignment for the extended structure
- Strategies for order processing in the warehouse
- Exploring calculated results
- Calculating labor costs

4. Company individual web workshop

Individual focus topics can be selected, e.g.:

- Skipped records during import
- Product classification of all products
- Product assignment specialties
- High picking amounts
- Possible warnings of labor costs calculation

0,5h Introduction	2h Video Training + Script (4 Parts)	2h Advanced Task + Script & VIdeo	1,5h Individual Web Workshop

Logivations recommended weekly schedule

eLearning "W2MO Logistics Design & Optimization"

Registration Logivations eLearning

Registration Form

Registration via E-Mail to office@logivations.com

The full e-Learning package including two individual online workshops, 1 month access to all video trainings, 1 month free use of the W2MO Business Executive subscription (worth 890 €) and training scripts only costs 1.199 € for the first user and 699 € for additional users from the same company in the same training period. The subscription will not be automatically renewed unless ordered separately. We recommend an additional support budget or advanced training sessions, if W2MO should be used in real projects.

Terms and conditions of participation at the e-Learning package of Logivations GmbH (01/2022)

§ 1 Registration and confirmation
Please send your application not later than two weeks before the first live session to Logivations GmbH, München.

Application and cancellation per telephone can not be taken into consideration. Written applications will be confirmed by us immediately. Booking is confirmed only when you get confirmation from LOGIVATIONS per Mail or Fax. Some changes in schedule are possible. With your application you agree on the terms of participation.

§ 2 eLearning cancellation
LOGIVATIONS may cancel the event in case of insufficient number of participants, due to force majeure, illness of the trainer or for technical reasons. Registration fees will be refunded. LOGIVATIONS will try to find another trainer or to change the date of the live sessions and individual web workshops but only with participants agreement.

§ 3 Cancellation by the Customer
If you can not participate in the registered event please cancel your participation in time. After written cancellation up to 2 weeks before the first live session 100% fee will be refunded, up to 7 days - 50%*, later the fee will not be refunded. Till one day before, replacement of participant is possible.

No refund is permissible in case of a later cancellation, absence or attendance termination. In case of complaints, if any on LOGIVATIONS, a proof must be provided.

*minus the cancellation fee mentioned below

§ 4 Cancellation fee
With each cancellation we charge a processing fee of € 20.00 per participant. Replacement of participant is free of charge.

§ 5 Price
Prices of each event are provided in the price information. The price includes training services, training materials. All prices exclude VAT.

§ 6 Invoice and Payment
The fee is to be paid immediately after receiving the invoice. Payment should be made not later than ten days before the course. For last minute registrations immediate payment after receiving the invoice is obligatory. If payment hasn't been received within this period of time, we reserve the right to dispose of the reserved place for other participant.

§ 7 eLearning materials
Documents, scripts, videos or parts thereof may not be reproduced, reprinted or distributed to third parties. We accept no liability for the content of documents.

LOGIVATIONS reserves the right to modify course contents without notice.
